HIGH CAPACITY WINE CHILLER

Now you'll never be short of wine at optimum temperature.

Specially designed for storing wine, and including features intended for long term archiving of vintages, these exclusive chillers will look good in any home. Also suitable for restaurant or retail environments.

High capacity model features:

- Dark interior and smoked glass helps protect wine from light
- Charcoal filter inhibits mould growth on corks
- Five fully adjustable wooden shelves, plus base
- Three temperature "zones" for red, white and rosé
- Anti-judder compressor won't disturb bottle sediment
- Attractive and discrete burgundy finish.

High capacity chiller is supplied with five shelves as standard, plus base. Picture shows additional shelves, available as optional extra.

External Dimensions	1850x595x595mm (HxWxD)
Number of shelves	5+1
Temperature Range	6 to +16°C
Energy Consumption	160 watts
Capacity	258 litres (approx 106 x 75cl bottles)
